

Cabos de aço e suas ferragens | Wire rope and fittings | Cables de acero y accesorios

Os nossos sistemas de cabos de aço e seus acessórios permitem um vasto leque de aplicações, podendo ser utilizados em decoração, arquitectura, estruturas interiores ou exteriores. Disponíveis em diferentes diâmetros de cabos, desde 2,5mm a 8mm e uma vasta gama de acessórios que são compatíveis entre eles.

A utilização de aço inox AISI 316L garante a resistência e durabilidade mesmo nos locais mais exigentes como por exemplo em ambientes marinhos.

Our steel wire rope systems and its accessories provide a wide range of applications and can be used in decoration, architecture, interior or exterior structures. Available in different cable diameters from 2.5 mm to 8 mm and a wide range of accessories that are suitable between them.

The use of AISI 316L stainless steel provides the strength and durability even in the most demanding locals as for example in marine environments

Nuestros sistemas de cables de acero y sus accesorios ofrecen una amplia gama de aplicaciones y puede ser utilizados en decoración, arquitectura, estructuras interiores o exteriores. Disponible en diferentes diámetros de cable desde 2,5 mm hasta 8 mm y una amplia gama de accesorios que son compatibles entre ellos.

El uso de acero inoxidable AISI 316L ofrece la resistencia y durabilidad, incluso en los locales más exigentes como por ejemplo en ambientes marinos.
